STATE BANK CASE TAKES RECESS UNTIL JANUARY In the district court yesterday morning, Judge Langan presiding, the

State bank matter.

the Bonanza office.

GEO. B. SHREVE

Helen M. Rulison, D.D.S. UTAH INVESTOR DRAWS A GLOW- now before them in relation to the ING PICTURE OF THE INDUSTRY.

> One of the most rosy pictures painted of the mining industry of Nevada, its enormous importance and production of the past eight years,

of Logan, Mr. Murdock says: "Just some idea of the develop- well-drilling equipment.-Reno Ga- fied. ment of the mining industry of the zette. state of Nevada since 1904.

"In 1904 there were 158 producing nines with a total output of mineral valued at \$7,658,216. in 1912 the number of the producing mines was 704, with a total output of \$38,358, 730, being an increase of 546 produc ing mines and an increase of \$30, 700,516 worth of mineral. The above figures I have taken from the government report of 1912 on the min eral output of Nevada.

"The total amount of wealth pro duced by the mining industry of Nevada from 1904 to 1912 is \$205,818, 226. This amount from one industry alone, and that with a population of money would almost pay the bonded indebtedness of all the states in the Union, or more than enough to pay the salaries of all the crowned heads of Europe and all the countries of the world for more than six years This amount is more than the total valuation of the 121 plants controlled by the American Smelter and Refin ing company; almost twice as much as the combined capitalization of the American Sugar and Refining company. And the mining industry of

Nevada has just begun "With the present growth and de velopment in the mining industry of Nevada another eight years and the value of mining products from that state alone will amount to more than \$100,000,000 annually."-Herald-Repub

AS TO THE STATE BANK.

On more than one occasion in the TESTED-GLASSES FITTED past two weeks the question has been Office with Drs. Cunningham and put to the Appeal whether, under its present management, it is for or against the State bank investigation. To settle this question for all time the management wants to state that it is against all form of practice that dissipates the people's money, whether it be an insolvent bank or through the carelessness or criminality of an office-bolder.

The lessees of the Appeal are as familiar, perhaps, with the affairs of the defunct State bank as most people in this state. They were in the southern portion of Nevada when the branch banks of the State Bank and & Trust company in Tonopah and Gold-Will practice in all courts of the field closed their doors, and they witnessed the sweeping away of the life savings of more than one unfortunate depositor. They know, too, of the carelessness which has marked the management of the defunct bank since it has passed into the receiver's hands, and of the unreasonable and Offices now located od fifth floor State exorbitant salary which has been paid him, and of reported transac-NEVADA tions which he has made, so-called in the interest of depositors, which would question even the business acu

men of a peanut vendor. Through the efforts of an efficient, fearless and able attorney general these matters are now before the supreme court, and will undoubtedly be gone into in detail by that tribunal. For that reason the Appeal does not care to delve too deep into the affairs of the concern at the present time, but should occasion demand. there need be no question as to which side this paper will take. It is for the people, first, last and all the time.-Carson City Appeal.

A store that advertises must be a store of values - of "bargains" - or the advertising would not pay,
